

## List of Recognised Testing Institutes\* according to the requirements of the respective Basic Award criteria

RAL-UZ 38	Low-Emission Wood Products and Wood-Base Products
RAL-UZ 113	Low-Emission Floor-Coverings Adhesives and other Covering Materials
RAL-UZ 117	Low-Emission Upholstered Furnitures
RAL-UZ 119	Mattresses
RAL-UZ 120	Elastic Floor Coverings
RAL-UZ 123	Low-Emission Sealants for Interior Use
RAL-UZ 128	Low-Emission Textile Floor Coverings
RAL-UZ 130	Wooden Toys
RAL-UZ 132	Low-Emission Thermal Insulation Material and suspended Ceilings for Use in Buildings
RAL-UZ 148	Low-emission upholstery leathers
RAL-UZ 156	Low-Emission Flooring Underlays

\* Testing institutes shall be considered appropriate if their equipment includes the necessary appliances and a quality management system is established or if they are accredited for these tests and have proved their capability to do such testing by successfully participating in corresponding ring tests. Compliance with these requirements must be proven to the Bundesanstalt für Materialforschung und -prüfung (Federal Institute for Materials Research and Testing, Division for Emissions from Materials).

Dated October 2011

In addition to the above-listed institutes the following institutes meet all requirements for the execution of these tests:

Messinstitut	Kontakt
<b>Bundesanstalt für Materialforschung und – prüfung (BAM)</b> Fachgruppe IV.2, Emission aus Materialien Unter den Eichen 87 12205 Berlin	Dr. Olaf Wilke +49 (0) 30 / 81 04 – 14 22 <a href="mailto:olaf.wilke@bam.de">olaf.wilke@bam.de</a>
<b>Umweltbundesamt (UBA)</b> Fachgebiet II 1.3, Gesundheitsbezogene Exposition, Innenraumhygiene Corrensplatz 1 14195 Berlin	030 / 8903 - 0

Since BAM is a reference test institute and UBA only takes action in matters of air hygiene, these institutes do not do the RAL-UZ 117 tests as routine tests.
